August 6, 2018

Dear Sir,

The purpose of this letter is to provide a full endorsement of your newly developed video: "Beyond Lockdown - Preventing and Responding to Extreme School Violence." Our National Board found the video to be professionally filmed using believable student actors and a very credible storyline. Further, the video identifies precursor warning signs, which may help break the cycle of violence before it begins, as well as those actions necessary to minimize injury or death if violence occurs.

The FBINCAAA is a national organization with over 20,000 members directly working with the 56 FBI Field Offices from Boston-to-San Diego and San Juan (PR)-to-Anchorage. We even have chapters on the island of Oahu and Guam.

All of our members are recognized leaders (business, religious, and political) within in their respective communities and have been selected by their local FBI Field Office to attend a six (6) to eight (8) week course of study with the FBI. Upon graduation, membership in the Alumni Association provides the opportunity to continue working with the FBI in the performance of community service and outreach.

The FBINCAAA is proud to provide this endorsement and is willing to assist in its distribution to as many schools in all our Fifty (50) States, as well as in Puerto Rico and Guam.

Sincerely,

A handwritten signature in black ink that reads "Kevin Jensen". The signature is written in a cursive, flowing style.

Kevin Jensen
President
FBI National Citizens Academy Alumni Association (FBINCAAA)
